## SHIPPING AND PACKING CHARGES -

In addition to the cost of the plant, we charge \$1.00 per plant for packing + \$7.50 our cost on the box and materials + \$6.00 delivery to the Post Office or FedEx + the actual shipping cost including Insurance and Signature Confirmation.

Please note that actual shipping charges will be added as a separate charge to your invoice on the day that it ships. Since the charges are actual and not pre-calculated, and can vary with the many available shippers and their service rates we don't have that information until the day your order ships. The choice of carrier and service level is suggested unless the customer requests another.
